art.nr. guide-U3-light-eng
rev.2022-03

Adjusted by: _____ Tel: _____ Total weight (g): 0

E-mail: _____ Date: _____

Adjusted for: _____

The weight changes based on the choices made below.

U3-light has a rigid rear axle. To find a balance that suits you, there are two versions, **U3 light or U3 light L**. **L** is more easy balanced and easier to drive on the rear wheels. You can tune the balance by placeing the backrest in three different position . U3 Light has a seat height of 47 cm in front and 43 cm at the rear without cushion.
Max userweight is 100 kg for seatwidth 33-45.

Save the guide to the "desktop" and open it with **Adobe Reader., for best function**
Design your wheelchair by clicking in the circles in this guide.
Blue, underlined text is clickable to show info or image.
BB = seatwidth, **HH**= backrest height
