Standard rearwheel 26" with MBL hub expire

Due to reduced demand and that the 26" rearwheels with MBL hub, that has been available as an option to our products, not quite fulfill our demand for stability and quality they expire from our range of products.

Pass for:

art.nr. 1102610	Rearwheel 26" MBL-hub titanium rim
art.nr. 1102610R	Rearwheel 26" MBL-hub titanium rim without tire
art.nr. 1102600	Rearwheel 26" MBL-hub without rim
art.nr. 1102600R	Rearwheel 26" MBL-hub without rim without tire
art.nr. 1100013	Rearwheel 26" MBL-hub MaxGrip 22" thin (spoke mount)
art.nr. 1100013R	Rearwheel 26" MBL-hub MaxGrip 22" thin (spoke mount) without tire

For those customers that needs a 26" rearwheel we refer to our Spox wheels from Spinergy. They involve a slightly higher price but in return quality and stability is much higher and looked over the lifetime of the wheels this is a better economical alternative.

Exempel:

art.nr. 1100090	Rearwheel 26" Spox sport titanium rim
