

## New standard tyre for rear wheel X

### NEW STANDARD TYRE FOR REAR WHEEL X

Our supplier of tyres for our rear wheels has ceased the production of tyre Speed Run 24" x 1, art.no. 1000053, that we use on rear wheel X.

The replacement tyre will be Schwalbe ULTREMO ZX 24" x 0.9, that have the same weight and performance as Speed Run.

Price and art.no, will be unchanged.

When our stock of Speed Run is empty we will deliver rear wheel X with the new ULTREMO instead.
