BACKREST UPHOLSTERY FOR THE S2-SERIES IN FABRIC DIPLOMAT

We will launch a textile project where the textiles in the S2, Bambino and the Micro series is upgraded to material from the S3 series.

We will replace the backrest upholstery for the S2/ U2-series with backrest upholstery S3. Backrest upholstery S3 is compatible with the backrest frame in the S2/U2-series in corresponding height.

The upper part included when you buy a backrest upholstery is in a new design and a new material, to fit the S2 series.

Backrest upholstery S2 is today sold only as spare part as wheelchair S2/U2 no longer is produced

The demand for this part is low and we wish to keep the article number for the backrest upholstery for the 2-series. When ordering the existing article numbers we deliver the original fabric as long as we have it in stock and then change to backrest upholstery and upper part in S3 material.
