CASTOR WHEEL MICRO - OLD COLOUR

CASTOR WHEEL MICRO - NEW COLOUR

### THE MICRO CASTOR WHEEL WILL HAVE A NEW COLOUR

Our supplier of the 3" castor wheel for the Micro have made changes in their process to produce the tread. This is to fulfill their environmental requirements.

The effect of the changes of this process is that the tread will have a whiter colour and that the manufacturing is now more environment-friendly.

No changes in quality, function, article number or price.

Applies for art.no:

ART.NO.	DESCRIPTION
