Total weight (lb):

The weight changes based on the choices made below.

**S3 Swing** has divided, **swing away leg support** and an adjustable rear axle in carbon fibre. To find a balance that suits you the rear axle can be adjusted into different positions. Note desired measure at "Settings". S3 Swing has a seat height of 17,7" in front and 16,9" at the rear, without cushion. To adjust the seat height you can chose other rearwheel sizes or a raising Kit with suitable castor fork from the List of options.  
**Max userweight: 220 lb for seat width 13-13,5" and 330 lb for seat width 18-20".**

Save the guide to the "desktop" and open it with **Adobe Reader**, for best function  
**Design your wheelchair by clicking in the circles in this guide.**  
**Blue, underlined text is clickable to show info** or image.  
**BB** = seatwidth(cm), **HH**= backrest height (cm)
